

A Tribute to Our Community

The Washington, DC area is home to many extraordinary women. They are some of the most diverse and important women in the country. They are mothers, daughters, sisters, and friends. They are businesswomen, civil servants, homemakers, teachers, professionals, and volunteers. The one thing that these women have in common is the capacity to care and they are making a positive difference in the lives of other people.

That's why for the past 17 years ABC7 WJLA-TV and The Washington Area Toyota Dealers have been honoring the many ways that women are making a difference at home, at work and in our community. The Toyota Tribute to Working Women campaign has attracted thousands of entries from all over the Washington Metropolitan Area. Every year, ABC7 viewers, WASH FM listeners and The Gazette readers are encouraged to nominate family members, friends, co-workers or any woman who has demonstrated their commitment and dedication to our community. And every year our distinguished panel of judges review the hundreds of entries. Each one is a winner in its own right but the ones that are selected embody our campaign's goal to honor outstanding individuals who make our community a better place in which to live.
